1967 Chieftain Editors

We the editors of the 1967 CHIEFTAIN and those who comprise the annual staff have worked hard to record the events of the 1966-67 school year so that this yearbook will be a lasting memory to you.

We hope that you will enjoy what we have included in this yearbook, and will take this as a treasured momento wherever you go.

Within these pages are the pleasant memories of teachers, classmates, and friends. Without you, school would have little meaning. It is, therefore, our hope that you will recall many pleasant memories from the pages of this yearbook.

Chieftain "67"

A Chieftain's Prayer

Give us strength to do
our best.
Help us all to pass
the test.
For if a victory
we obtain
In your glory you
shall reign
But if defeat must
come our way
We will never cease
to pray.
Amen

Administration

Thanks to the annual staff of Shiprock High School for this record, in pictures, of many of the activities of your school.

The experiences gained in the publication of this book will be of value to you in the years ahead.

You are to be commended on the completion of this difficult task.

MRS. CATHEY

Education is a continuous process -- in fact, a life-time program. Too many people fail to grasp this idea because they look upon education as a final process, culminating in diplomas and degrees. In a sense, one is never finally and fully educated because factual material today may not be entirely true tomorrow. Education is never complete. Whether tilling the soil or teaching in a university, a person should never lose discipline of the mind. Congratulations on this publication and on an outstanding school year.

Wallace Cathey

Students of Shiprock High

As Chairman and Secretary of the Board of Education for the past twelve years, it has been with great pride that I have watched the building of your educational system in Shiprock. Yes, it is yours for the opportunities that Education can bring you.

Your background of education is your open door to a better way of life.

May the better things of life be yours.

A Message from our Principal

It is a pleasure to be asked to comment on our high school in Shiprock. Our faculty and students are moving forward; each one is working to make this a better school. With everyone working together, we expect to have a greater school in the future.

We are sorry to lose our second alumni but feel that they will go further in the field of education and prepare themselves to take their places in our great and changing society.

It is a pleasure to work with the staff and students at Shiprock High School.

The 1966-67 Chieftain Football team this year compiled the best record in the history of S.H.S. Hard work, sincere dedication and a never-say die spirit from each of the students of S.H.S. helped the team build a record of seven wins and only two losses. This kind of effort earned the Chieftains the coveted district runners-up position.

Coach Rudy Duran had eager expectations as the first baseball season in Shiprock High's history rolled around. Coach Duran molded his new team around the twenty prospective players who came out for the first practice sessions. This first organized "Chieftain" team started its season on April 1. With very good potential and a good attitude, the Shiprock High School Chieftain Baseball Team looked ahead for a promising season.

1967 SHIPROCK HIGH SCHOOL TRACK

The 1967 track season started with a nucleus of three returning lettermen. These three individuals should do well throughout the coming season. Lack of depth will be the main downfall of this year's squad. Eight meets were scheduled for the 1967 season.

Each week a contest was held among classes, and the class that won had the honor of getting their name put on the Spirit Jug. The class that had their name on the spirit jug the most received the trophy.

Varsity Cheerleaders

Lana Schulte

Marilyn Lujan

To some people a cheerleader is someone who gets out in front of a crowd and makes a fool of herself while disrupting a game. This is far from the truth. First of all a cheerleader has to have ambition and desire or she would never sacrifice all the time and work which it takes to become a cheerleader. Second, she must learn the cheers and be able to do them in front of a crowd. Third, she must be able to keep the pep club yelling no matter how the game is going.

We were proud to become cheerleaders and strove hard to meet the requirements. We tried hard to develop spirit in the pep club and in the school. We have always felt spirit was important which could have been the reason for our receiving the spirit stick, at the N. M. Cheerleading Clinic, for having the most spirit in our group.

We were honored to have the privilege of supporting our team throughout the year.
